MEMBER OF THE YEAR REPORT

PRESIDENTS MESSAGE BY DEANNA MANLEY

Welcome to 2005, the Golden Anniversary of the 1955 model year and as it happens the President's Speedster. Of course, there are many other reasons to celebrate the New Year and remember the great time we had in 2004.

The Chapter enjoyed a successful Zone Meet and participated in numerous other activities during the year. I hope all of you were able to enjoy one or more events and look forward to more in the coming year.

Congratulations to the new officers and board. We will endeavor to lead the chapter to the best of our ability and expand membership as well as give you opportunities to drive your cars.

Our first event of the 2005 will be January 8 at Arizona Community Church Motorsports Day. The show starts at 10:00am and is located at 9325 S. Rural Rd. Tempe. I will try to save places for the 10 members who pre-registered so please arrive by 8:00am if you are displaying a car. We will park together as a club. Wear a Stude shirt and or hat and bring a chair. One free lunch comes with each car registered but you can also buy lunch at the Church or eateries near by. If you can't bring a car, come anyway and view some very nice vehicles. We have room for 350 entries.

On January 22 we have our first club meeting at the Arizona Golf Resort hosted by Richard Dormois. Look for details in this ECHO and plan to be there. Drive your Stude and enjoy the day.

There are many more events upcoming and something for everyone. Watch for information in the ECHO and get involved. If you don't know what to do just ask, we'll find something to keep you busy. Let's reach 150 memberships this year!

Speedily, Deanna

A GOOD BEGINNING BY RICHARD DORMOIS

Let us all get off to a good Studebaker beginning in 2005 by making it a point to place our first Chapter gathering of the New Year at the top of our priority list. Put it on the calendar in big letters if it isn't already there and ensure that every member of the family takes the opportunity to enjoy our Studebaker Family and their fine rides **SATURDAY JANUARY 22 at 11:00 AM** at the **ARIZONA GOLF RESORT** at Power and Broadway in Mesa. Each year we schedule this gathering at a time likely to attract out of towners attending our several classic automobile auctions and 2005 is no exception **BUT** January 22 does not conflict with the Barrett Jackson Auction this year, so we would hope for an even greater attendance. The last couple of years we have been fortunate to draw over a hundred for our Studebaker Show and Shine and just shy of that for the meeting and luncheon.

Come on out at eleven o'clock for Show and Shine and support your favorite Studebaker for some very nice trophies and join us in the Pavilion for a fine buffet and informative meeting to kick off the New Year about noon. So far interest has been expressed from ten states and Canada and sponsorship for the People's Choice Trophies has been enthusiastic. Those who have sponsored one of the engraved trophies thus far are:

JUST STEERING WHEELS Laura and Bob Heidenreich Mesa Arizona

STUDEBAKER INTERNATIONAL Ed and Heidi Reynolds Greenfield Indiana

STUDEBAKER PARTS.COM Chris and Chuck Collins Phoenix Arizona

TURNING WHEELS MAGAZINE Art Unger and Ann Turner Vernon British Columbia

GOOD PRINTERS Nancy and Chester Bradfield Bridgewater Virginia

J AND N AUTO AIR CONDITIONING Milton and Ila Jones Harlingen Texas

RICHARD DORMOIS AUCTIONS Richard Dormois Mesa Arizona

Sale! Sale! -- Zone Meet Tee and Polo Shirts

The great looking 2004 Zone Meet tee and polo shirts are available for the discounted price of \$7.00 for a t-shirt and \$14.00 for a polo shirt. You can purchase a shirt at the January meeting or by sending a check for \$7.00 or \$14.00 plus \$2.00 for shipping to Chuck Collins, GCSC Treasurer, 2410 W. Freeway Lane, Phoenix, AZ 85021. Include a note indicating size (M, L, XL, XXL) and color (tan or white).

If the color you want is no longer available the other color will be sent. You will be notified if the size you require is not available. In addition to several M, L, XL, XXL tee or polo shirts in white or tan, there are two small t-shirts in tan and one small in white. There are, however, no XL polo shirts available in either color.

FOUND: Black & Blue folding chair left at Kroulik's after Halloween meeting. Contact Denny Lockmon if you are the owner of the chair. He will arrange for its safe return.

CHAPTER HOLIDAY PARTY BY CHRIS COLLINS

Nearly sixty Chapter members met Saturday, December 11th at the West Olive Church of Christ in Peoria for the annual holiday dinner and party. Turkey and ham were provided by the Chapter and members brought many wonderful side dishes and desserts to complete the pot luck meal. Due to a choral commitment, our president was not able to attend but Denny Lockmon, the vice president, did the honors of announcing the Chapter's Member of the Year, Scott Grainger, and the 2005 officers and Board of Directors. He also noted the date for the All-Arizona Studebaker Gathering, March Madness, was set for March 26th and asked for a motion and vote to approve a \$500.00 refundable deposit be paid the City of Phoenix to reserve a spot at the Steele Indian School Park. The members unanimously approved paying the deposit.

Then Richard Dormois came to the podium to call the auction of the many interesting and fun items members donated. Several of those in attendance couldn't resist bidding on and taking home some new toy. A note of appreciation is due Richard for making the auction very entertaining and another to Patrick Eastburn for providing the bidding paddles. After the auction the Studebaker driver's prize was awarded to Chris Eastburn in a drawing from among those driving a Studebaker to the party and in a special door prize drawing Dorothy Haverstick won a Hawk model.

Special thanks to the table hosts and hostesses who each decorated a table for the evening's dinner, all of which were simply beautiful. A big thank you, also, to John and Annie Kemper for once again procuring the venue for the party. And thanks to everyone who brought dishes for our dinner, items for the auction and particularly for the generous donations to the church's food bank program.

Attending were Bill & Dolores Lynch, Willard & Ruth Pike, George Gezelius, Maryanne, William & Domenica Eastburn (1966 Cruiser), Steve & Paulette Fein (1966 Cruiser) and Pam, Botsi, Kati & Gabi, Ken Michael (1962 Champ), Richard Dormois (1960 Lark), Claudia Robinette, Denny & Jan Lockmon, Paul Setaro & Phyllis Naegeli, Scott & Barbara Grainger, John & Annie Kemper, Larry & Ruth Cushing, Chris & Rachel Eastburn (1963 Lark), Terry & David Ker, Dennis Lynde & Linda Saar (1963 GT Hawk), Anita, Kevin & Sara MacFadden, Bill & Peggy Eastburn (1964 Wagonaire), Pete & Karen Mensing, Steve & Vicki Piper, Lynda & Eddie Caviar, John, Lorilee, Kolton & Makenna Kroulik (1963 Hawk), Patrick Eastburn, Vinh Hoang, Larry Swanson, Chris & Chuck Collins, Charlie & Dorothy Haverstick, Larry & Judy Hall, Richard Rampt & Rose Marie Eiler, Michelle Eastburn.

CHAPTER ELECTS NEW OFFICERS BY CHRIS COLLINS

Congratulations to the 2005 officers and board, some of whom are returning - Deanna Manley as president and Larry Cushing on the board. Newly elected were vice-president - Chris Eastburn, secretary - Ruth Cushing, treasurer - Chuck Collins, board - Scott Grainger and John Kroulik. A special note of appreciation goes to Bill Lynch for running for vice president.

Thanks to the 2004 officers and board for their hard work for the Chapter throughout the past year.

Found in the Hospitality Room - Merchandise purchased from one of the vendors was found in the hospitality room during the Zone Meet. If you are the person who left an item bought Friday or Saturday please contact Chris Collins at 602-995-5311 or cstude1@cox.net and identify to claim it.

TECH TIP-SOLVING STUDEBAKER OVERDRIVE PROBLEMS CONTRIBUTED BY LARRY CUSHING

One problem that exists in Studebaker land is the number of cars with workable overdrives that do not operate because the owners do not know how to wire them correctly. There is a way to educate yourself to wire Studebakers as well as all other brands. It is called the "hardware approach".

There are five main pieces of hardware required and four of these may be done away with and still have a working system with a few differences. The five pieces of hardware are: 1) The Kickdown Switch; 2) The Overdrive Relay; 3) The Solenoid (The important one); 4) The Rail Lockout Switch; 5) The Governor

(1) **The KICKDOWN SWITCH:** This is found on all types of overdrives and is basically a switch with four contacts of which one pair is normally closed and transmits power to the solenoid or provides a ground for the overdrive relay (Through the governor on cars with a relay. When a kickdown is used, the normally closed set opens and opens the overdrive circuit and the normally open set closes and shorts the ignition until the solenoid disengages the overdrive pawl and the transmission shifts to direct.

(2) **The OVERDRIVE RELAY:** This is a device which uses a small current to switch a large current. The current for an overdrive solenoid is heavy and would require heavy wiring in a car. There are two types of relays and they are referred to as three terminal relays and four terminal relays. The three terminal relay is to be avoided if it draws its current from the ignition switch. The power supply and the control supply are taken from a common terminal which can be connected to the ignition switch or to the starter solenoid (especially good on cars with a rail lockout switch).

The four terminal relay is the deluxe type and its control power comes from the ignition switch and its load power comes via a separate terminal from the starter solenoid. Both three and four terminal relays operate the same way. When the governor points close, it energizes the relay solenoid coil and the contacts close and transfer power from the battery to the overdrive solenoid. (Heavy current initially and a lighter current for the hold in windings). Overdrive relays are very costly but a three terminal relay can be replaced by a GM horn relay of the mid-fifties (They don't seem to overheat). 1955 Chevy overdrives used a relay similar to the horn relays. The four terminal relay can be replaced with a relay for driving lamps that has four terminals. The terminal that is normally attached to the ground can be attached to the governor. (\$6 vs \$30.)

(3) **The SOLENOID:** This is the important piece of the o.d. control and is very expensive. It has pull in the windings (Heavy current for a short period) and hold in winding light current continuously when the governor is closed. There are two types of solenoids and they have either two or three terminals. The most common is the two terminal kind. One terminal is for its power input and the other terminal provides a ground for the kickdown circuit when overdrive is engaged. The three terminal solenoid was around from '58 to '63 and differs from the two terminal relay only in the fact that the solenoid coils are ordinarily grounded in the solenoid on two terminal solenoids. On the three terminal relays, the solenoid coils receive their ground through the governor. The system with three terminals do not have a relay in the stock form. If you burn out your three terminal solenoid you could easily add a relay and use a two terminal solenoid. A three terminal solenoid can replace a two terminal solenoid if you ground the extra terminal.

(4) **The RAIL LOCKOUT SWITCH:** This was a device where the current between the governor and the relay was interrupted when the overdrive was locked out by the dash control. It saved energy because no power was used by the solenoid when it was not needed. After it was eliminated in 1957 or 58, all cars use power above the cut-in speed of the overdrive even if the overdrive is locked out. The factory seems to say that no-one would do without the overdrive and threw away the switch.

(5) **The GOVERNOR:** This device has points which close when the cut-in speed is reached and open about 3 mph below this speed. There are two types of governors doing three kinds of work. Until 1964 there was only one type of governor doing two kinds of work. This governor had one terminal and it provided a ground for a relay (light duty work) or it provided a ground for a system using a three terminal solenoid and this was heavy duty work (More current) But it is probably that a governor before '58 would not burn its contacts if used on a '58-63.

The other type of governor has two terminals and was used from '64-66 and it is a switch since it switches power to the solenoid through two insulated terminals. If a two terminal governor goes bad it can be replaced with a one terminal governor if you ground one terminal.

ROSTER UPDATE

New E-Mail Address Mike & Mary Barany mbarany@cox.net

BON VOYAGE TO LONG TIME MEMBERS

Bon Voyage to Glen & Rosalie Torske who are moving this month to Sherwood, Arkansas.

The Torskes have been active members of both Arizona chapters for many years and they will be missed. Rosalie will be remembered for her outstanding work as treasurer and registration chairwoman of the 2004 Pacific Southwest Zone Meet and Glen is to commended for his able assistance in this endeavor.

My thanks for the ever faithful assistance from Chris Collins for keeping our Roster up to date and supplying the club and this editor with any and all changes. It is truly appreciated.

Ruth Cushing, Editor

CONGRATULATIONS TO SCOTT GRAINGER MEMBER OF THE YEAR

Congratulations to Scott Grainger, member of the year. He was a great contributor to the club this year.

He began his membership by donating a story of his trek from Kansas to Arizona rescuing a 1946 Studebaker M-16 flat bed truck which he named Toto. He gave us pictures and narrative to bring the story alive. It was so interesting that it was serialized in the ECHO for 4 months. That sure made my job as editor easier.

He also contributed as Security Officer for our very successful SW Zone Meet in October. He went over and above his call by contacting businesses for donations to our goody "hats" and bags. He contributed maps and directions to assist our membership and our guests.

We congratulate him for this honor and expect more of him in the future...of course. He was recently elected as one of our new board members.

Ruth Cushing, Editor

HOW TO SPEND YOUR CHRISTMAS STOCKING MONEY

1. **Tire Air Change Kit.** This kit comes with everything you need to change the air in your tires. This highly recommended but often overlooked maintenance item is much easier now. Remember to change your air every 3000 miles or twice a year. \$25
2. **Blinker Fluid.** You knew it existed but, WOW, is this stuff hard to find. 4oz bottle. \$12
3. **Synthetic Blinker Fluid.** Better yet! 4oz bottle. \$24
4. **Light Bulb Filaments.** Why throw away a perfectly good turn signal or stop light bulb when you can just install a new filament? Premium Filaments, made in the USA! \$1 ea.
5. **Manifold Heat.** Yes, your exhaust manifold should be HOT. If it's not, you may need this item. Sold by the pound. \$3.50
6. **Steering Wheel Gaskets.** All SIZES available! Email for specific application. From \$9.99
7. **Tie Rod Tensioner.** Is your tie rod limp? Tension it with T-50! \$14.99
8. **Alternator Batteries.** (4 required, replace them all!) From \$2.99
9. **Fan Belt Buckles.** Specify brass or chrome. Gold available special order. \$14.99
10. **Muffler Bearing Manual.** Print version \$59.95
11. **Muffler Bearing Manual.** CD version \$49.99
12. **Universal Muffler Bearing Tool Kit** \$105.59
13. **Muffler Bearing Hi Temp Synthetic Lube** (the only kind we sell!) \$40.24
14. **Muffler Bearings** From \$19.95
15. **Muffler Bearing Gasket Kits** From \$9.99
16. **Momentum** (required for tackling some off road obstacles). Sold by the lb-ft/sec \$0.50
17. **Microsoft Windows Eliminator.** If your car or truck begins to run poorly, (long time to start, frequent crashes, etc.), it's computer, (ecm, ecu, black box, etc.), may have become infected with this nasty computer virus. This product will safely remove the virus. \$199
18. **Mirror Image Flipper Film.** Did you know that the image you see in your rear view mirrors are reversed! This is a manufacturing flaw that the auto companies have kept secret for years as the recall would cost BILLIONS! This film can be cut and placed over any mirror to correct the image. Now you'll be able to read signs in the rear view mirror! \$5 per square ft.

Chapter Name Badges

Another order for Chapter name badges will be sent soon and if you haven't gotten one yet contact Chris Collins at 602-995-5311 or chuckstude@juno.com to order yours. The cost of a badge is \$4.00.

GRAND CANYON STATE CHAPTER UPCOMING EVENTS

- JANUARY 8** ACC MOTORSPORTS DAY CAR SHOW . The show is from 10:00 am to 3:00pm and you must be in place on the show grounds by 9:00am in order to have a place to park. Free lunch comes with Registration and there are great raffle prizes also. We have 10 Studes pre-registered representing our club. The event is at Arizona Community Church 9325 S. Rural Road, Tempe.
- JANUARY 22** January Membership Meeting, Arizona Golf Resort and Conference Center, 425 South Power Road at Broadway in Mesa. 11:00 AM, Studebaker Show and Shine. People's Choice Judging with handsome awards. 12:00 NOON, Buffet Luncheon, introduction of new officers, business and awards - presentation. Host: Richard Dormois 480 827 8178.
- JANUARY 23** Southern Arizona Chapter's Annual Banquet at Tanque Verde Guest Ranch, 14301 E Speedway Rd. Arrival time is 11:00 am, eat at 11:30, membership meeting and auction at 1:30. Cost of dinner is \$18.00. Mail your dinner remittance to Stan Luczycki, 10326 E Placita Guanajuato, Tucson, AZ 85749. Info: Call Chris Lillie at 520-294-9106
- FEBRUARY 20** Winter Meet hosted by the Los Angeles Chapter at the Petersen Automotive Museum. No pre-registration. Pay at the door only. Contact Andrea 'Enthal at aenthal@yahoo.com
- MARCH 26** All-Arizona Studebaker Gathering "March Madness" will be held at Steele Indian School Park, 3rd St. & Indian School Rd., 10am - 3pm. Car show, fun judging, swap meet, dash plaques and a raffle. No entry fee. Bring a picnic lunch or have lunch at a nearby fast food restaurant. The 75-acre park includes a 2.5 acre lake, a 15-acre Entry Garden and a 15-acre neighborhood park that includes a playground and ball courts. Info: Contact Chris Eastburn at 623-266-6989 or email him at racheleatburn@cox.net.
- APRIL 29,-30, MAY 1** Antique Studebaker Club Zone Meet hosted by the SoCal Chapter in Arcadia, Calif.
- AUGUST 14-19** SDC International Meet at the Red Lion Hotel at the Park, Spokane, WA Hotel info: www.westcoasthotels.com or 1-800-733-5466
- SEPTEMBER 8-11** Pacific Southwest Zone Meet, Reno, NV Hosted by the Sagebrush Chapter. Info: Tom Wise at 775-356-6519
- For other Arizona car events, check <http://www.cruisinarizona.com> for the latest information about upcoming shows.

Volunteers to Host 2005 Meetings Needed

If any member wishes to volunteer to host a meeting in 2005, please contact Deanna Manley at 480-981-8886 or hpdلمانley@juno.com.

In addition to your home, backyard or garage, other possible venues include parks and restaurants.
