PRESIDENT'S MESSAGE BY DEANNA MANLEY

The February meeting was great fun at Mixteca and very productive as we voted to increase our total giving to the Studebaker Museum to \$10,000.00. Want to know more? Come to the April meeting and we will view the Capital Campaign video from the museum and talk about a new commitment to give even more over the next 5 years.

The next big event will be March Madness on Saturday March 26 at Steele Indian School Park. Bring your Stude and a picnic lunch but don't miss out. A special Thank You to Chris and Rachel Eastburn & John and Lorilee Kroulik for all their hard work in preparing for this event. Let's support this show and check the event calendar in the ECHO for others. We're off to a great start let's keep rolling.

WICKENBURG PARADE BY STEVE FEIN

The rain on February 12th did not keep 3 Studebakers from participating in the "57th Annual gold Rush Days Parade". The weather cooperated with us and it did not rain on the parade. The members of the club participating were; Bill Lynch-1973 Avanti, Mike & Josh Lynch-1955 Pickup and Steve Fein-1966 Cruiser.

Avanti Designer Dies Contributed by Chris Collins

John Ebstein, the last surviving member and the leader of the design team that brought the Avanti to life, passed away on February 18th in Palm Beach Gardens, FL. He was 92 years old.

The team was assembled by Raymond Loewy and included Ebstein, Tom Kellogg and Robert Andrews. Loewy rented a small bungalow near his home in Palm Springs, CA for the designers to work with him. In two weeks they had produced a scale model of the Avanti. Ebstein later called it "the final crowning of my design life".

A memorial service was held in Connecticut on February 25th.

DON'T JUDGE A BOOK BY ITS COVER BY RUTH CUSHING, EDITOR

One place I would feel was least likely to find anything interesting about Studebakers, a car that has been out of production for nearly 40 years would be *Hemmings Muscle Machine The Ultimate All-American Performance Car Magazine*.

We are complete car nuts, doesn't much matter what kind they are, and can appreciate all manner of automobiles. We have grown up in the Muscle Car Era and had the chance to drive a lot of well-powered vehicles.

Imagine our surprise when our April 2005 issue of the afore mentioned magazine arrived when in the midst of all the other articles there was one titled *SOUTH BEND SOUTHERN SOJOURN*. I do wish the pictures were better so that we could reproduce them in this publication, but suffice it to say they were marvelous. The article included a narrative by Jim Donnelly with photography from the collection of Bob Coolidge.

Names like Frank Mundy who was driving a 1951 Studebaker Starlight coupe on June 16, 1951 at Columbia Speedway in Columbia, SC. Mundy won his first pole of the season at this race and would go on to get his first win ever in NASCAR on this day. Not only that, the race was also historic in that this 100miler was the first NASCAR Strictly Stock race ever run under the lights; the race started in afternoon daylight but finished in darkness. Mundy said the Studebaker handled pretty well and really had plenty of get-up-and-go. The car was provided by W. Perry Smith Motors in Columbia. Studebaker had just introduced its first post-war V-8 for 1951, an OHV engine with solid lifters, a Stromberg two-barrel carburetor and 120hp. The car was light, so it was pretty responsive and a good race car.

The second Southern 500 at Darlington, on September 3, 1951, with Frank Mundy again on the pole. They started 82 cars in that race. The Hudson next to him was driven by Herb Thomas, who passed Mundy on the first lap and went on to win the race. Unfortunately, Mundy had the oil pump shear on the 12th lap and finished dead last. The author talked to him not long ago, and he said the Starlight coupe with the V-8 handled really well and had a good power-to-weight ratio, which is probably why he won the pole. Mundy got his start in motorcycles, then became a stunt rider, and was eventually a two-time AAA or WSAC stock car champion. He apparently didn't drive after the late fifties.

Merritt Brown of Daytona Beach, who died about three years ago, ran a Commander Coupe at the 1953 southern 500. The Commander got a bigger engine that year; up to 259 cubic inches with 162 hp. Merritt did a lot of racing at the beach and at Darlington. In this race Joe Eubanks and Tim Flock were driving Hudsons. The Loewy-style Commander ran very sparingly in the Grand National Division, but it was very popular as a Modified, where guys like Lee Roy Yarborough and Donnie Allison would put all kinds of huge engines in them and race them on the big tracks.

The article goes on for four pages with pictures and short stories about the GOOD OLE DAYS when stock car races were run with real "stock" cars. It has special interest to us as we have in our "collection" a 51 and a 53. The 51 is in the process of being "modified" and the 53 will be very close to stock when finished.

If you get a chance you might want to pick up a copy of *HEMMINGS MUSCLE MACHINE* or even subscribe to it. You may run into something else surprising.

SPEEDY RECOVERY

Best wishes for a speedy recovery to John Rebstock who had hip surgery in late February. We hope he'll be up to driving his Hawk soon.

SPONSOR A MARCH MADNESS AWARD

Chapter members are invited to sponsor a fun judging award for the All-Arizona Studebaker Gathering - "March Madness" - on March 26th. You decide what class you'd like to sponsor, then you'll "judge" the vehicles to determine a winner and present the award you've created or purchased at the awards presentation in the afternoon. Some past classes included Longest Distance Driven in a Studebaker, Best Steering Wheel, Classiest Paint, Coolest Ragtop - you get the idea. Just use your imagination to come up with a class and the award you will present. Contact Eddy Caviar at 480-451-6200 or lcaviar@yahoo.com and let him know you'll be a sponsor.

LOS ANGELES CHAPTER SHOW BY STEVE FEIN

The Winter Meet at the Peterson Automotive Museum was held on February 20th. The show was attended by 3 GCS Chapter members; Richard Dormois, and Paulette & Steve Fein. The rain did not keep 24 Studebakers from being on display at the show where half of the parking lot was sheltered when it rained. After seeing the Studebakers, a tour of the Museum was taken adding to the enjoyment of the day in LA.

MINUTES TO FEBRUARY 19 MEETING BY RUTH CUSHING, SECRETARY

The February meeting of The Grand Canyon Studebaker Chapter was called to order by President, Deanna Manley. Introductions of guests and long lost members were made.

A short report on the Parade at Wickenburg were made by attendees, Mike & Bill Lynch & Steve Fein.

Dick Eichof brought a Casino Arizona calendar showing his Studebaker pick up.

Steve & Paulette Fein reported on their trip to the Peterson Museum sponsored by the Los Angeles Chapter.

Deanna announced she still has entry forms for the March 5th Planes, Trains & Automobiles X3 in Mesa. Fee is \$10.00.

Coming events announced are April 1&2 Arizona Mills 5 & Diner a show, dance T-shirt for \$20.00. Also, April 30 Bethany Bible Church at 7th Ave & Bethany Home Free lunch & Raffle Tickets.

One lucky member from our club will get a free admission to the Beeline Cruise-In and Charity Car Show . To enter your name for the drawing, which will be held at March Madness, send your request for entry to Larry Cushing @ wlracfam1@msn.com before March Madness. This will be quite a show.

Chris has an AAHC update regarding emissions law they are requesting e-mailing our state representatives regarding HB2357. Visit www.azleg.state.az.s for more information.

Chris & Rachel Eastburn reported on progress for March Madness. Sign-up with Rachel. A sheet was passed around for classes & trophy volunteers.

Chuck Collins gave the Treasurer's report. The club has \$3422.94 in the checking account & \$10,507.98 in the Money Market.

Chris Collins gave a report on the Studebaker Museum. We have already donated \$8,180.50 including \$1095.50 from our 50/50's since 2001. Recognition opportunities are available to Chapters at the \$10,000.00 level. It was moved by Karen Mensing and seconded by John Carter that our chapter send the balance of \$1,819.50 to the Museum to take advantage of the recognition opportunity. Our choice will probably be the murals. After some discussion the motion carried.

There will be no business meeting in March. We need to think about the December 3 Holiday Party which the Chapter will pay for all members.

Dennis Lynde won the Studebaker Driver's award & Gary Keating won the 50/50.

Those attending the February 19th meeting were: John Kroulik, Patrick Eastburn, William, Maryanne & Domenica Eastburn, Ron & Vicky Crowe, Claudia Robinette, Richard Dormois, George V. TIRE SAFETY 101

TECH TIP

CONTRIBUTED BY STEVE FEIN

1- Check tire pressure at least once a month

2-Always check tire pressure cold

3-It's better to be a few psi over than a few under

4-Always put new tires on the rear

5-VERY IMPORTANT-If you ever hear a tire go Bang (blowout), Hit the gas pedal first. This will allow you to regain control of the vehicle giving you a chance to look for a safe place to slow down and pull over to the side of the road to stop.
