## Editorially Speaking

The 2010 Meet committee has been promoting the SDC International Meet the Chapter is hosting May 31-June 4 at every opportunity, especially around the Pacific Southwest Zone which includes Arizona, Utah, Nevada, Hawaii and California. Next month, the Los Angeles Chapter is holding its annual Winter Meet at the Peterson Museum. If any member is planning to attend the meet we hope you can take material about the meet to give to those in attendance. If you can help out, please contact Deanna or Larry.

Please note there are two corrections to make in the January ECHO. Tracy Smith was incorrectly identified in the story about John and Tracy receiving the Harold Churchill award. And, the last name of one of our new members was misspelled. The correct name is Chet and Karen Gandy. My apologies to Tracy and the Gandys.

Phillip Smith generously gifted the new owner of the pickup he sold him with a membership to the SDC and the Chapter. When you sell a Studebaker to a non-member keep this in mind. It's a wonderful way to acquaint a new owner to the club.

Hope to see you at an event this month and the meeting on the 27th.  
Chris

## This \*N That

Chapter member **Sue Loveridge** sent the following note about an honor she received this fall.

"I spent the summer, some of the fall in Bellevue, WA so I could prepare my Stude for an important show. I was invited to have my 1951 Studebaker Commander Convertible in the Kirkland Concours. My Stude competed with 12 others in a first-time class of what they called "Orphan Automobiles". My Stude came in second in the Orphan Class. What a thrill!!"

Congratulations to Sue on the wonderful award. You can see photos of the quality automobiles that show in this concours at <http://www.kirklandconcours.com>

**Denny Lockmon** was featured in an article in the *Daily News-Sun* about his attendance at the Barrett-Jackson auction with a group of friends from the chapter and CARS, a car club in Sun City. You can read the article here: <http://www.yourwestvalley.com/news/lockmon-12178-large-friends.html>

Send news to the editor at [ccollinsaz@cox.net](mailto:ccollinsaz@cox.net).

The ECHO is the official newsletter of the Grand Canyon State Chapter, SDC and is published 11 times per year. Contributions are welcome and encouraged. Please submit articles, tech tips, etc. by the 20th of the month preceding publication. Other newsletters are welcome to use any material with proper credit given.

## President's Message

As I pen this we are into day four of the Big Storm of 2010 in Arizona. I talked to my daughter today (who lives in West Virginia) and I believe I heard her, ah, sniff at our storm saying something to the effect if you want winter weather move back to the Mid Ohio Valley region! Regardless of who has the worse weather we both speak the same language when working outside: Sorel boots and Carhartt jackets! All of which is to say I'm glad this weather missed our annual Winter Meet in Gold Canyon on January 16. The weather was terrific as was the turnout. While I did not make an official count I thought I heard someone say there were some 33 Studebakers parked in front of the Gold Canyon Resort. We seated 108 for lunch at which time we heard from a litany of distinguished guest speakers and held a short business meeting. Malcolm Stinson put on an authenticity judging seminar and was kind enough to use his very own 1942 Commander that has some 9,200 original miles. I hope some good information was gleaned from this. This was followed by a discussion on judging and what judges look for and, in general, what you need to know to be a judge. Hope to see some of you that participated turn out to be judges at the upcoming international meet in Glendale. Many thanks to Chris and Chuck Collins, Linda Smith and Vicky and Ron Crowe for staffing the chapter and 2010 booths and to Steve Fein, our very own in-house photographer. And thanks to all the others that helped make this a grand meet. For further details, and perhaps a picture or two, please see the accompanying articles elsewhere in the award winning *ECHO*.

During the meeting you were all introduced to some of the new officers, which include Linda (on the board) and Ed (VP) Smith. Ed is taking over the reins of VP from Denny Lockmon and has many wonderful chapter events planned or being planned for the year. In the immediate future is the Gold Rush Parade in Wickenburg, which will be held on February 13. Details to follow but I believe we'll meet at, say, the Burger King in Wickenburg enjoy the parade and perhaps partake of lunch before heading back. We hope to have at least 10 Studebakers turn out for this and why not? Cool weather for a nice drive and best of all to see the USA in your Studebaker! More information on this thrilling event will be forthcoming. March, of course, is March Madness on the 13th and will be held in Tucson. In the past we have caravanned down so look for more details as we get closer to that magical date. We also are pleased to have Jan Lockmon come on board as the club secretary but she should be forewarned that she will *never* have the opportunity to read the chapter minutes!

In the Odds 'n Ends department we might wish to clear up some confusion about business meetings or lack thereof as mentioned at the Winter Meet. It was announced there would be no more meetings until April, which of course, is just a way bad wrong. What your less than eloquent president meant to say is formal business meetings would be held once a quarter. The board felt

the normal chapter meetings should focus more on looking at the Studebakers rather than go through formal business meetings. Some type of informal meetings will take place but mostly to see if the members have a new business agenda items and to focus on the wants and needs of the upcoming Forty-sixth International Meet.

Speaking of which, we still need some additional help on committees so please take a few minutes and think of which committee you would like to assist. We will be spotlighting areas in which we need help in the *ECHO* so please take the time to read about what you can do to help with this very important meet. Hope this clarification did not confuse too many and please plan on attending the Studebaker driving tour to the Gold Rush Parade in Wickenburg!

**Larry**

## Winter Studebaker Gathering Meeting Highlights

One hundred and eight guests enjoyed a delicious lunch at the Gold Canyon Golf Resort Saturday, January 16th during the annual Winter Studebaker Gathering. Proceeding lunch, a car show and swap meet were held in the parking lot in front of the resort. In addition to the winners of the people's choice judging listed on the cover page, other Studebaker drivers showing their vehicles were Willard Pike, 1956 President; Scott & Marlene Benson, 1956 Golden Hawk; Larry Walker, 1964 GT Hawk; Steve Fein, 1966 Cruiser; Don Parkey, 1960 Lark; Shawn Miller, 1964 Champ; George Gezelius, 1951 Champion; Al & Anna Riedel, 1978 Avanti II, Lenka Hospodka & Sam Powell, 1955 President; Gary Keating, 1962 GT Hawk; Bruce & Maggie Wheeler, 1939 Coupe Express; Ken Michael, 1963 Cruiser.

Mid morning, Larry Vahe and Malcolm Stinson conducted a judging seminar with Malcolm volunteering his 1942 Champion and Larry Walker his GT Hawk for scrutiny. Several members attended and learned what SDC judges look for during concours judging. Thanks to Malcolm and Larry for the use of their cars for the seminar.

Deanna Manley set up a 2010 merchandise and information display among the vendors and with the help of Ron and Vicky Crowe talked with many people about the 46th International SDC Meet being held in Glendale.

After lunch, Larry welcomed everyone and introduced Mimi Halgren, SDC president; Jon Carter, Pacific Southwest Zone Coordinator; Nita Ketchum, 2011 SDC Meet chairman; Chester Bradfield, Studebaker National Foundation president and Larry Swanson, SDC publications director. Each spoke of matters of interest to the membership.

Then, Larry introduced the new Chapter officers and thanked the outgoing officers. Some chapter business was conducted including approving minutes of the previous meeting as published in the newsletter, a treasurer's report and the VP's report about upcoming events.

Various 2010 Committee members spoke about the SDC International Meet and encouraged everyone to register, mentioned the merchandise for sale and asked members to sign up for committees.

Drawings were held with Eunice Hackenberger of Ohio winning \$137.00 in the 50/50 raffle and several others winning door prizes.

## CELEBRATE! February Birthdays

## FEBRUARY EVENTS

### FEBRUARY 13 WICKENBURG PARADE

Join in the fun of driving your Studebaker in an old fashioned parade as Wickenburg celebrates its history with the annual Gold Rush Days. This year's theme is "Steers & Stripes". The parade begins at 10:00 am and staging is at 8:30. Chapter members can meet at the Burger King, 524 E. Wickenburg Way in Wickenburg to caravan to the staging area. Please be there by 8:15 am or earlier if you want to have breakfast.

Gas up the Stude, drive to Wickenburg and enjoy the crowd's reaction when the Studebakers go by. Please contact Ed Smith, the tourmaster, at edcollects@cox.net or 602-290-1045 if you plan to attend or for more info.

### FEBRUARY 20 AAHC CAR SHOW AND SHINE

The Arizona Automobile Hobbyist Council (AAHC) hosts "The Hobbyist's Dream", a car show and shine open to all makes on Saturday, February 20th from 10 am - 3 pm at the Sanderson Ford Starliner Diner, 5121 W. Maryland Ave., Glendale. The AAHC is giving 8X10 participant plaques to the first 150 entries and many awards including People's Choice, Merchant Picks, Dealers Choice and Club Participation. There'll also be a raffle and a 50/50 drawing.

Chapter members are encouraged to enter as our club is a member of the AAHC and we can vie for the Club Participation award. And, with the number of very nice Studes in our club, many members have an excellent

chance of winning some of the other awards.

The entry fee before the 20th is \$20.00 per vehicle and the day of show entry is \$25.00. 10x10 vendor spaces are available for \$50.00. Please see page 13 of the online edition of this newsletter for a registration form or contact Paul Miller at 602-439-0825 for a form or more info.

### FEBRUARY 27 2010 MEET MEETING

All 2010 meet chairmen and chapter members are urged to attend this important informational meeting at the Deer Valley Airport Restaurant meeting room. The meeting will begin at 1:00 pm but everyone is welcome to come earlier for lunch in the restaurant.

During this meeting, committee chairs will report on the plans they have made for the aspect of the meet for which each is responsible and will be informing the members what help each still needs for the meet. Members, please come prepared to listen to the reports and decide where you would like to help. If you have already volunteered for a committee you may still find there is another area in which you can help. Many jobs will be scheduled in 2-3 hour shifts so there is a great opportunity for variety.

The Deer Valley Airport is at 702 W. Deer Valley Road (at 7th Ave.) with access from the loop 101 and I-17.

Drive your Stude, too, if you can, and we'll put on a mini car show in the parking lot.

For additional information, contact Larry at 480-694-3899 or 58pkhawk@cableone.net

## GET OUT and DRIVE

Submitted by Ed Smith  
GCSC Vice President

A car is just a car or is it? To some people it is nothing more than a means to get from one place to another. To other people it is a status symbol that means nothing more than just that a symbol. To others, however, they view automobiles, especially classics, with passion and fervor. They do not just drive their cars, they don't use them as nothing more than status symbols; they collect them, restore them and show them off with the kind of pride generally reserved for parents with their first newborn.

Just like the child that is unique in many ways, so is that car as it becomes just as much a part of the family. Cars are collected for many different reasons but no matter the reason it becomes part of the family.

What motivates individual car collectors can actually cover a slew of reasons. Some people get into the hobby to realize a childhood dream to own a particular make and model, like one that their parents had or one that they wished they had never gotten rid of. Maybe it just appealed to that unfilled desire for speed or... Others are simply in love with the sleek artistry and painstaking engineering of classic cars. Whatever the reason collectors revel in owning and driving their own piece of history. As this is a passionate hobby, embraced all over the world, it does require an ongoing commitment in time and money. There are those that collect the unique and one of a kind to seek the financial reward that may eventually await them but those rewards are few and not for the everyday "parent".

There is nothing quite like the sense of satisfaction from taking an old automobile piece of history and carefully working it back to its former glory. Restoring a automobile of any kind takes decision after decision to satisfy that personal idea of what the final project should be.

This labor of love pays off when the car, like that newborn, is finally alive and running. Road ready now and it is time to show it off.

Regardless of the reason for owning a classic car the greatest pleasure is in letting others see the pride and joy that has been produced.

This is also a good way to bring the family together. It took the whole family to build that classic whether it was getting in on the down and greasy or to the final wash and go. It may have been just the stay back and watch, but it was a family project.

I would like to invite each and every one of you to get out and show your Studebaker family pride and joy. Go to as many events as you can and join in the camaraderie of fellow collectors families. It called the DRIVERS club so let's get out there and DRIVE.

*Help Keep America Beautiful,  
Drive a Studebaker!*

## Arizona Automobile Hobbyist Council

Nearly every month in the Upcoming Events you will see a listing for an AAHC meeting, usually on the first Monday of the month except for the summer months. What is the AAHC and what does it do? The AAHC is the Arizona Automobile Hobbyist Council and it was formed in 1973, just one year after the Grand Canyon State Chapter was formed. GCSC members were among those who founded the AAHC.

According to AAHC literature it was formed to combat bad legislation and support good legislation that affects the automobile hobby. The organization's role as watchdog means it has taken on the challenges of scrap-page proposals, new vehicular taxes, aggressive zoning laws, anti-cruising efforts and other issues harmful to the hobby.

The council is made up of about 100 clubs throughout the state and the clubs pay yearly membership dues. The GCSC is a member of the council and Denny Lockmon is our current representative to the council. Chapter members are always welcome to attend the council meetings.

The show on February 20th is a fund raiser for the council and an opportunity for members from the various clubs in the council to meet other like-minded people. The camaraderie fosters unity, insuring the hobby will be preserved by the common goal - "United we drive, Divided we park."

Help keep the hobby alive by attending the AAHC car show and shine on February 20th. Visit the AAHC web site for more information about the show and the council: <http://www.azautohobbyist.com/>

## ~~ Studebaker History ~~

- |    |      |  |
|----|------|--|
| 1  | 1961 | Sherwood Egbert becomes president of Studebaker-Packard.                                     |
| 5  | 1964 | Studebaker named car of the year by <i>Track and Traffic</i> , Canadian automobile magazine. |
| 9  | 1799 | John C. Studebaker born (father of the Studebaker brothers).                                 |
| 12 | 1902 | Studebaker sells its first car (electric) to F. W. Blees.                                    |
| 13 | 1960 | Studebaker engineer <u>Delmar G. "Barney" Roos</u> dies.                                     |
| 14 | 1911 | Studebaker Corporation formed.   |
| 15 | 1952 | Last vehicle of Studebaker's first century built.  |

## TECHNICAL INFORMATION

**Q**: I bought new door seals and am now trying to glue them in place. Problem is, they won't stick. I'm using 3-M black weather seal glue. I followed the directions by putting a coat on the metal and a coat on the rubber, letting it dry till "tacky", pressing it together and still no stick!! I have washed the new rubber in a solution of Dawn Dish Detergent and water, rinsing them and drying them thoroughly! I have even tried to sand the rubber surface lightly with 100 grit sandpaper. Still no luck. Has anyone had this problem and what did they do?

*Michael*

**A**: I wipe the rubber down with lacquer thinner and make sure to clean the body with grease remover, too. 3M adhesive remover solvent is also good to clean with. Also, when you apply the glue to the car and the rubber, resist the temptation to smear it around to get it spread evenly. Somehow, doing that will make it not stick. Just apply a bead to both surfaces and don't touch it until its almost dry then press the rubber into place. Also, never even slightly stretch the rubber. Make sure its applied "limp". If under tension, it will lift on the ends. Despite these lessons learned the hard way, I still have troubles with it not sticking and have needed to "inject" alternatives under loose edges. The front seal on the doors is a real bear since the door opening and closing tends to scrub it loose if it's at all weak.

*Jeff*

**IT's 2010**  
BY DEANNA MANLEY

Remember when you told yourself you would volunteer to help out at the International Meet next year? Well it's next year now which makes it 2010 and just five months from the beginning of the 46<sup>th</sup> Annual SDC International Meet. That means it is time to step up and choose a job to do at the meet. We need many members working each day to cover all of the different areas of responsibility. Many jobs are inside in air conditioned comfort and don't require special skills or knowledge just a willingness to help. Men and women both are needed, and you can sign up for a day or just a few hours and work in many different jobs, too, if you like variety.

We also need special items for our Club Silent Auction which is a fund raiser and you can donate door prize items also for use during the week and especially at Fun Night.

Did I mention you can really help us by registering for the meet and tours, Spaghetti Western Night, the Friday Banquet and, of course, bring a car for display or judging?

The Posse is working hard to make this the best meet ever and we can't do it alone so join us and together we'll do it right. Don't wait, sign up today.

~~~~~

Visit <http://www.studebakerdriversclub.com> and click on the meet link to view the week's activities and to register. The same information and a registration form can be found in the last several issues of *Turning Wheels*.

**An SDC International Meet**

So, you've never attended an SDC International Meet. Perhaps the meets were too far to drive or you couldn't get vacation time to attend. Well, this year you need only drive as far as Glendale to get a taste of what SDC offers at an international meet. First, it is international in scope, with SDC members from Australia and Canada already registered and other registrations expected from Europe along with members from all over the U.S.

Then, take note of the activities planned for the week: a rally on Sunday; the board meeting, tours, seminars, swap meet and Welcome Night on Monday; more seminars and tours along with other meetings and swap meet on Tuesday; some more seminars, another tour, swap meet and the SDC auction on Wednesday; then the event considered to be the highlight for many, the concours for both display and judged vehicles, along with the swap meet and Fun Night, all on Thursday; Friday features another a bus tour and a driving tour, swap meet, a seminar and the Awards Banquet. To finish off the week, there is a tour to the Grand Canyon on Saturday. In addition, Monday through Thursday Grand Canyon Motors, a memorabilia room, is open for your viewing enjoyment.

Everyone in the family can find an activity during the week to enjoy and it all takes place right at our doorstep, brought to you by the SDC and your local chapter.

Now, all you have to do to take part in any or all of the activities is to sign up for the events you would like to attend and send your fees with the registration form to the address on the form (or register securely on the SDC website).

**As of February 1, there are 118 days until the meet.**

**WANTED: Small 6 volt fan motor** approximately 2 1/8" long and 2 3/8" diameter. These aftermarket fan motors are smaller than a heater motor. Thanks for your help. Fred Gooch, Tucson 520-883-7418

## Speedometer Check

Submitted by Steve Fein

If you have a GPS or can borrow one, you can check your speedometer for accuracy. Most GPSs show the speed you are traveling and can be compared to the reading on your Studebaker speedometer at various speeds. According to articles I have read, the GPS is very accurate and should answer your question "Is my speedometer accurate?"
