## LAST CALL

BY DEANNA MANLEY

The most important event our Chapter has ever hosted is coming up May 31-June 4. We have talked about the SDC International Meet for years now and multiple issues of the *ECHO* have detailed all of the ways each member can participate. The time has now come for as many Chapter members as possible to attend the Meet and help us complete the work.

Saddle up, Pardners!

Beginning Sunday May,30 we will set up registration, vending, seminar rooms and, late

in the evening, the main parking lot for the week. The Rallye will depart in the morning from the Renaissance and be back later in the afternoon. That's just the very first day.

Monday, many SDC members will check in and begin participating in seminars and tours, more vendors will set up, Grand Canyon Motors will have a grand opening and the Welcome Night will close the day.

There are so many areas where you can volunteer time to make this a great meet. We need a person to be in charge of the Chapter Silent Auction Booth. That person will oversee the donation of items to sell and make sure there is someone present in the booth each day 8:00am-5:00pm, close the bidding Friday afternoon and then the items will be given to the winning bidder. We already have several items donated and the display will be set up in the vending room, we just need you.

If you only have a few hours to devote come to the Meet and Bob Halgren will find a job for you indoors or out in the Memorabilia Room, the Auction, Watch and Model display room, helping move equipment for the seminars, monitoring the parking lot to make sure SDC members have a place to park. Some may be able to help with Security and Wednesday evening after the SDC Auction ends we will be setting up the Concours parking on Lot 3.

Lot 3 will become a very popular and familiar place during the week. Immediately north of the Renaissance Hotel, it is where all Studebakers will park and Thursday it will be the Concours field. Beginning at 5:30am Scott Grainger will be coordinating the parking of all Studes, both display and judged, in the proper division and several people are needed to direct cars. Remember to bring a Stude of your own and have it judged or put it on display. You can be part of the show and help out at the same time.

*Continued on page 7.*

## Editorially Speaking

Due to the amount of meet information in this issue, the conclusion of Bill Cervini's very good article about his life with Studebaker will be in next month's newsletter. The article will also be printed in its entirety and included in June's online edition.

It is noted in the April meeting minutes that I had announced this would be the May/June issue. Again, the amount of material dictated an issue devoted only to May. The next issue will be a combined June/July issue to be printed in mid June and I am inviting members to submit articles after the meet describing their experience.

Well, this is it folks. The meet is just about here and it is hoped every one of you will come and take part in some activity or at least to view the array of Studebakers that will be displayed in the concours. Never will there be this number of our favorite vehicles in one place in the state of Arizona. While you are at the Renaissance viewing the cars and trucks, attending the swap meet and seminars please stop by the registration table from time to time to spend an hour or two helping distribute registration packets and goody bags. I know you'll enjoy meeting and talking with folks from all over the country and the world. See you there! *Chris*

## CAN YOU PLAY A MUSICAL INSTRUMENT?

Two bands that will play at the International SDC Meet need your musical talent if you can play an instrument. Even if it has been a long while since you last played, the Studebaker band would welcome you. The band, under the direction of Glenn Shull, will practice Tuesday, June 1 in the afternoon and Wednesday morning in Cascade G. The band will perform twice. The first concert is Wednesday evening at 6:00 pm, just prior to the SDC auction. The second concert will be held on the concours field Thursday at noon. If you are interested in playing in the Studebaker band please contact Glenn at 970-223-0405.

There's another opportunity to play your instrument with the Sun City Pops Band at the Welcome Night patriotic pageant Monday, May 31st in the Solana Room at the Renaissance Hotel. Rehearsals are at Fairway Rec Center, 10660 Peoria Ave. (east of 107th Ave.). Rehearsal dates are on the following Saturdays from 9 - 11 am: May 15, May 22 and May 29. The conductor is Larry Swanson and he can be contacted for more information at 623-975-2816 or studepubs@aol.com

The ECHO is the official newsletter of the Grand Canyon State Chapter, SDC and is published 11 times per year. Contributions are welcome and encouraged. Please submit articles, tech tips, etc. by the 20th of the month preceding publication. Other newsletters are welcome to use any material with proper credit given.

## President's Message

If you were not at the Smith's house on April 17<sup>th</sup> for the 'Come on Over' chapter event then you missed a great time. The Smiths (Linda and Ed) opened up their house for all to enjoy and enjoy we did. The food was very good and the weather wasn't bad either. Members came from all around including several from Prescott to enjoy the food and friendship. The meeting was only marred by the fact we had to hold a business meeting, which was attended by all (as if there was a choice in the matter!). The main thrust of the business meeting was, of course, the pending international meet that your club is hosting starting May 31<sup>st</sup>. A number of the committee chairs were present and gave updates along with pitches for members to help out on their committees. A recap of the meeting is included elsewhere in this august newsletter along with who won the Rallye-type scavenger hunt. Peggy Eastburn was showing me all of the items she secured but, alas, I was not the judge: Ed was but if it was up to me you would have won!

Our humble newsletter has been expanded a good deal with this issue and is chock full of ads and articles so I invite you to curl up with a nice cup of your favorite beverage and peruse all the wonderful ads and articles. Since there is so much to read and see in this edition and considering the international meet is looming just over the horizon I'll keep this message short. Enjoy and we plan on seeing all of you at the upcoming international meet!

**Larry**

### From the Pacific Southwest Zone Director, Colin Fort

We are fast approaching the time for the National Meet in Arizona. The Board meeting will be held Monday morning.

If there is anything you would like to bring to the Board's attention or ask for their guidance, please send me an e-mail with the details.

Last year we had an unbalanced budget. This means we may have a discussion regarding a dues increase.

Please feel free to bring this to the attention of your members & ask them if there is anything else they would like me to bring up at the meeting.

Thank you.

## UPCOMING EVENTS

### MAY 8 GOODY BAG STUFFING

On Saturday, May 8th, we'll meet at the home of Bill and Cheryl Simmons, 33407 N. 10th Street, from 1:00 to 4:00 pm to stuff the Goody Bags for the meet. The items to be put in the bag will be laid out on a table and each helper will pick up a bag from the pile and walk around the table putting one of each item in the bag. You'll be doing a bit of moving about so wear comfortable shoes.

If anyone has items for the goody bags that Cheryl does not have yet please call her at 623-580-4120 and make arrangements to get the items to her before the 8th.

After that little job is completed we can go to eat at the nearby Mexican restaurant or call for pizza.

To get to Bill and Cheryl's house take I-17 to Carefree Highway, go east about 5 miles to 10<sup>th</sup> Street, turn south and go about 8/10s of a mile to 33407 N. 10<sup>th</sup> St. If there is still construction on I-17 then take 99th Ave. or Cave Creek Road to the Carefree Highway.

If you are coming from the East valley, we suggest taking the 101 to Tatum Blvd. Continue on that until you get to Cave Creek Road where you will turn right. Continue north on Cave Creek Road to Carefree Highway. Then go West about 6 miles to 10<sup>th</sup> St. Turn left, (South), and continue up over the hill, down the other side (which is a dirt road) to the bottom and our house will

be on your left.

If you use Map Quest, don't follow it when it says to go south on 7<sup>th</sup> St. That will take you on a unimproved dirt road. 10<sup>th</sup> St. is the best bet.

Parking at the Simmons home is limited but there is a field across from their house which we can use and a long right-of-way drive just south of their house that isn't in use at this time or park anywhere in their yard.

If you have questions please call Bill or Cheryl at 623-580-4120.

### LOOKING AHEAD

#### June 19 The Old Man and His Old Car Celebration

We'll meet at the Deer Valley Airport restaurant, 702 W. Deer Valley Rd., at 1:00 am for lunch and to honor the dads in our Chapter. Bring a picture of the old man when he was a young man and we'll hold a contest to see who can correctly match the young man with the old man. There'll be door prizes, and a dash plaque and a goody bag for all. Info: contact Ed Smith at edcollects@cox.net or 602-290-1045.

**In Memory - Phil Brown**

**S**tudebaker Drivers Club members all over the country were saddened to hear of the death of Phil Brown of Osceola, Indiana. He was an active member of the SDC and Avanti Owners Association International and served as a trustee of the Studebaker National Museum.

The Museum issued a statement saying "The Board of Trustees and Staff of Studebaker National Museum are saddened by the sudden passing of Museum trustee and volunteer Phil Brown. Brown died Sunday, April 11, when his 1967 Avanti went out of control on Dragoon Trail. He was returning home from a meeting of the Pioneer Automobile Association at the Museum."

Many will remember Phil as a parts vendor and for chairing the 2007 SDC meet with his wife.

## STUDEBAKER TRUCK FARMERS

This meeting of the great minds on Studebaker trucks, the Studebaker Truck Farmers, will be held Wednesday, June 2nd at the new Freightliner Sterling Western Star truck dealership at 9600 W Roosevelt St. in Tolleson, located about 5 miles south of the Renaissance Hotel. Tour of the dealership, repair facilities, paint and body shop, fire engine repair shop and showroom begins at 4:00pm. Our guide will be Kirk Ault, the Freightliner Custom Chassis Service manager (and new chapter member), who happens to own a Champ pickup.

Dinner will be at 5:00 pm in the dealership conference room. Dinner will be catered by Moki's Hawaiian Grill. They do a great job and the food is excellent: Teriyaki Chicken, Kalua pork, Teriyaki beef, Hawaiian salads (3 types), rice (white and brown), fruit salad, macadamia nut chocolate cake, coconut ice cream and a special sugar free item for dessert. No one will leave hungry!

We will wrap up the proceedings by 6:30 so that you can return to the Renaissance for the SDC auction at 7pm or zip out to the speedway for the unofficial drags. I may take Toto out to the drags and see how she does! Do they give you credit for how many gears you can get through in a 1/4 mile?

Total cost will vary depending upon the number of attendees. With 50 people, it will be \$24/person. Contact Scott Grainger at [scott@graingerconsulting.com](mailto:scott@graingerconsulting.com) or 480-924-0826 to reserve for the tour and/or dinner and on when and how to pay for the dinner.

## TECHNICAL INFORMATION

### Installing New Door Glass in the Window Channel By Jerry Kaiser

The door glass is secured in the channel with window setting tape but since the setting tape is difficult to find, fast setting urethane is a great replacement. First remove the channel and any remaining glass. Clean the glass channel of any glass fragments and old setting tape with a wire wheel or bladed screw driver. Clip off a couple pieces of the old setting tape about 1/4 inch wide. Use this to shim the glass and center the glass in the channel. Fill the channel about half full of urethane, put shims on each end of the glass and push the glass into the channel and let set until dry. Once dry, use a razor blade to cut off any excess urethane.

The urethane is sold by the tube and fits in a standard caulking gun and can be found in most auto parts stores.

This procedure can be used for vent window glass, as well.

### VOLUNTEERS NEEDED FOR GLENDALE MEET!

Submitted by Mimi Halgren

The Grand Canyon State Chapter is going all out to make this International Meet the very best! Nevertheless, we can still use some more help. There are many ways you can participate and help make this a special meet. We will need people to fill in all week, for things like monitoring indoor swap meet entries, watching over memorabilia, helping people get on the tour buses, directing traffic, helping pick up the room after a seminar, taking tickets at the Awards Banquet, helping with Fun Night, manning the registration table, etc.

We also have some specific needs. How about baking some wonderful cookies or snacks for the Hospitality Suite? Do you have a favorite recipe that everyone says is the best! Share it with the rest of us. We are going to have lots of people going through that room, tasting all the yummy things we put out. We'll need lots of brownies, lemon bars, cookies, cakes, etc. We also need people to babysit those snacks when the room is open.

Also, on Monday night we are having a Welcome Night Hot Dog feed prior to the concert. We could use some people to help hand out dogs, chips, and sodas.

So, here is your opportunity to jump in and participate. If you want to help out give your name and phone number to Chris Collins or Deanna Manley. They are creating a list of names of volunteers. If you want to bring baked goods to the Hospitality Suite, just bring them by during the meet. Bill Mitchell is hosting the room and I know he will welcome whatever you bring.

Thanks.
