**HAPPY HALLOWEEN!**

**From the Editor's Pen.....**

Congratulations to the Wasatch Mountain Chapter for hosting a well executed zone meet this past month. As Colin reports on page 7, the weather was great and there were some very nice Studebakers. In just 12 months our chapter will host the Pacific Southwest Zone Meet and to promote the meet, Ed sold t-shirts and handed out registration forms in Salt Lake City. Then, next October you will have the opportunity to meet and greet members from all over our zone right here in Mesa. Please be thinking how you can help make this a successful meet.

Please note the Chapter's application form now has a line for the name of a referring member. You will be acknowledged if you refer someone who becomes an SDC and/or chapter member. Don't forget you can get a I Got One button by sending a note to Tom Curtis at [tomnancurtis@aol.com](mailto:tomnancurtis@aol.com) with the name of the new member.

Thanks to this month's contributors - Dan Kuhl (who also has an article in the September *Turning Wheels*), Colin Fort, Ed Smith, Mark Wheeler, Linda Smith, Bob Schouten and Michell Eastburn.

Hope to see you at one of our chapter events this month.

Chris

**From the President .....**

We are coming into the time of year when we get scared and become thankful. The spooks we hear in the night come out to greet us on all hollows night. Our fears of Black Cats, Witches, Ghosts, walking under ladders or stepping on cracks are thrown out and we face them head on. We make this out to be a fun time and even a social gathering with our upcoming Trunk or Treat event. This is also the time of year when we become thankful for everything that came our way in the last year. We become thankful for what we have, where we go, and what we do. We celebrate with parties and food and good times. We exchange gifts and pleasantries. It is also the time of year when we think a little more about those less fortunate and give that extra change to the down and out.

We must remember that there are those that cannot face these fears comfortably on only one day. It becomes a scary thing every day, all day long. They have to wonder where they are going to get something to eat. Where can they find shelter from the heat? Where can they find shelter from the cold? Where is a safe place to sleep away from the real creepy crawlers encountered day to day?

Linda and I had a chance to feed the homeless the other day. These fears and others were brought to our attention as you watch the streams of men and women of all ages and the families that are still trying to stay as a unit, come in for maybe the only meal they will see that day. These homeless people don't know what the day will bring to them. Spend some time feeding the homeless and you get a different perspective on life. You become very thankful for everything you have from the roof over your head to the key in your pocket. You can sit in your favorite chair and know that everything you own will not fit inside a two foot square cubicle.

We find it enjoyable to do minor or major work on our cars or trucks. To gather with others and share our stories leaves us with a sense of comradeship and satisfaction that others have had the same trouble finding the right fit for that last part.

Let's take this time of the year to be thankful we have friends with similar likes in Studebakers and show support for your club by sharing it with others. Join some of the activities and invite others to also join us. Go to a cruise night and find a new friend to invite to our club. Show that we are thankful for what we all have, be it the shirts on our backs to the freedom of choice of where and what to eat. Let's celebrate our club's 40th season with our common interest in autos and friendship. Come out and be thankful we can support the Grand Canyon State Chapter, Studebaker Drivers Club.

**D**rive Your Studebaker Day event on Sept 8<sup>th</sup> was a huge success, even though we were unsuccessful gaining permission to stop at the Quik-Trips for our Scrabble Run. That didn't stop us from meeting at the Original Hamburger Works restaurant for a Scrabble game and some fine food.

Those attending were: John & Kim Rodhouse in their 1950 2R5 pickup; Chuck & Chris Collins in their 1963 Avanti; Denny & Jan Lockmon in their 1964 Avanti; Mike, Sue & Shayna King in their 1957 Silver Hawk; Bill, Peggy & Michell Eastburn in their 1964 Wagon; Chris, Chole & Aubrey Eastburn in his 1963 Lark (we missed you, Rachel); Paul & Peggy Stinson in their 1963 Wagonaire; Neil & Ruth Bell in their 1960 Hawk; Buddy & Elaine Wright

### NOMINATIONS DUE

By Larry Vahe

**I**t hardly seems like the year is passing but it is and once again the time has come to think about nominations. We have a large active club so I just know someone is willing to step up and run for one of our offices/board members. Many of us have been on the board or served as an officer for the club and find it a rewarding experience. That being said we need you to send your nominations to either me, Larry Vahe at 480-694-3899 or 58pkhawk@cableone.net or to your distinguished president. Either way we welcome your participation to keep this a vibrant club.

Nominations will close at the October 27th meeting. The ballot will be sent with the November ECHO and the new board will be announced at the December holiday party.

### SEPTEMBER MEETING HIGHLIGHTS

**A**fter lunch and a rousing game of Studebaker Scrabble, Ed called the meeting to order. He went over events the chapter is hosting the next several months and encouraged members to make donations for the holiday party auction and March Madness raffles. He also asked for table hosts for the holiday party and for candidates for 2013 officers and board.

The members passed a motion to spend \$300 as a deposit to reserve a space at South Mountain Park for March Madness. A portion of the deposit is returned after the event if everything is clean after the event.

Shayna King won the door prize. Chris Collins won the Studebaker Driver's Prize, a \$20.00 gas card, and Neil Bell was the winner of \$84.00, the entire 50/50 raffle pot because he drove his Studebaker to the meeting.

# 2012 PACIFIC SOUTHWEST ZONE MEET

By Colin Fort

The Pacific Southwest Zone Meet in Salt Lake City, Utah was great and the weather was better than San Diego. Good temperature and a cool breeze. There were 41 cars there with 17 being judged. The chocolate social on Friday night was a success. There was a number of door prizes by putting tickets in a coffee can for each prize and then drawing the wining ticket. There was also a large Studebaker quilt made by the host chapter as the main prize as well as a 50-50 drawing. The banquet was great Saturday night with over 130 in attendance and a small Studebaker sign with a truck as the centerpiece that was given away at each table. There was a two piece guitar band that played western songs. Trophies were handed out

for the judged cars and there were a couple of speeches. Carl Thomason gave a report on things going on at the national level and Ed Smith from the Grand Canyon Chapter talked about the Zone Meet in Mesa, Arizona next October.

Other officers that were there were Chapter Presidents or officers from the LA Chapter, Inland Empire, Sequoia, Karel Staple, Wasatch Mountain Chapter, Orange Empire and the Grand Canyon and Southern Arizona Chapters. A Zone officers meeting was also held. With respect to other club representatives involved there were Chris Collins, Regional Director-Arizona, Fred Ball, Regional Director-Utah, Dr. Jon Carter-Zone Coordinator and Art Unger-National Director/Editor. Art brought along other members from the Pacific Can-Am Zone and former Director Jim Rapp and his wife came from the nearby North Central Zone. There were also a few members from some of the states in the east. I did not go on the tour Sunday but I understand it was to a Kennecott Copper mining pit about 25 miles away. Everyone I talked to said they had a great time and really enjoyed the meet. Thanks need to go out to the members of the Wasatch Mountain Chapter.

The meet hosts report there were 79 registrations with 139 people. In addition to awards for concours judging, a People's Choice Best of Show was awarded. There were 4 vendors, 2 indoors and two outdoors. 117 attended the Chocolate Extravaganza Friday night and 127, the Saturday night banquet. The awards banquet entertainment was the "Hired Guns". Ten cars toured to a copper mine Sunday morning.

Attending the meet from the Arizona Chapters were Dick Leisinger, who was joined by his sons Reed and Ross, John Verrill, Terry and Joanna Worster, Colin Fort, Jon Carter, Ed Smith, Jerry and June Kaiser, Bruce Sandburg and Delores Shurtz, Chuck and Louise Stanford, Bruce and Maggie Wheeler, Chuck and Chris Collins and Rosalie Torске and Guy Hammer.

Ed sold several of the 2013 zone meet t-shirts.

## SDC PRESIDENT'S REPORT

Carl Thomason, SDC president and member of the Pacific Southwest Zone, spoke at the zone meet banquet about four issues of interest to the membership.

- ◆ The SDC by-laws are being reviewed by Mimi Halgren, SDC vice-president, and a committee with the objective to make proposals for improvement. Currently, she is consulting with a New York attorney to insure any changes will be in accordance with New York state law (where the SDC is incorporated). It is a time consuming process and the proposed by-laws changes will most likely be voted on by the board at the SDC meet in Colorado Springs.
- ◆ Carl asked members to submit nominees for the SDC Service Awards, the Harry Barnes Award and the Minnie Barnes Award to one or all of the following members: Don Cox, Larry Swanson and Carl Thomason. \*\*\*
- ◆ Carl commented on The Communique, a membership growth and retention resource developed by the SDC for Chapter presidents, editors and membership chairmen.

# Call for Studebaker Photo Entries

By Mark Wheeler, SDC Webmaster

I am pleased to announce that the SDC Board of Directors has given approval for a complete redesign of the official Studebaker Drivers Club web site <http://www.studebakerdriversclub.com>. As part of this redesign, we would like to showcase member cars from across the country and around the globe. Therefore, I am putting out a call for SDC members to send in your best Studebaker car photos. Your photo(s), if chosen, will be featured on the redesigned web site.

## What we are looking for?

Any Studebaker model and year is acceptable. Be creative! Only the best images will be selected. From mountains to deserts, lakes or oceans, national parks to the heart of a big city, and grilles to hubcaps...any setting that depicts your Studebaker as you experience it will get a serious look. And since the new web site could be seasonal - summer, fall, winter and spring settings are also acceptable. Just remember the focus is on Studebakers - we ask that you refrain from including people or animals in your photos.

## What size and format are we looking for?

Since we can only accept digital images, document file sizes will be restricted to less than 5 Mb with a dpi of no less than 72. RGB or CMYK color settings are acceptable. TIF, JPEG, JPG, PDF, PNG and PSD (Photoshop Documents) are all acceptable. The structure of the web site is horizontal, so we strongly recommend that your images accommodate this format. Helpful hint: Do not crop your image. We may need to fine tune background or foreground. Also, do not date-stamp your photos. Photos should be color, not black and white.

## How do I submit my photos?

Send your photo via e-mail to [webmaster@studebakerdriversclub.com](mailto:webmaster@studebakerdriversclub.com). Send only one image at a time. The DEADLINE to submit photos is December 31, 2012. Please include the following information with your photo:

Name

SDC Membership Number (if known)

Address

Phone

A brief description of the photo (year, model and location taken)

If your photo(s) is selected we will include a by-line on each photo.

## The legal stuff:

By submitting photos to us, you agree that all photos are of your own vehicle and are your own photography. You agree that you have the legal right to submit the photo to us. You grant the Studebaker Drivers Club and Cornerstone Registration, Ltd. permission to use your photo, in whole or in part, on the Studebaker Drivers Club web site located at <http://www.studebakerdriversclub.com>, without compensation or royalties.

# A STUDEBAKER BICYCLE, ALMOST

By Dan Kuhl

Jon Carter and I are avid bicycle riders. We know the importance of a good bicycle seat. We even wear padded shorts to make the ride more enjoyable. A recent article in *Vintage Truck* magazine about the Garford truck inspired me to write this article about the Garford bicycle seat.

In the late 19<sup>th</sup> century bicycle riding became very popular, even though paved roads were extremely rare. At this time the Garford Company of Elyria, Ohio began manufacturing the first padded bicycle seat called the "Garford Saddle". Garford saw much success, manufacturing over a million padded bicycle seats per year.

Soon after the Saddle's development, Garford joined forces with Studebaker to produce the first Studebaker automobile whose silhouette was featured for many years on the cover of older *Turning Wheels*. After a few years of a very successful relationship, the companies went their separate ways. Studebaker joined with the E-M-F (Everitt- Metzger-Flanders automobiles) to establish a strong foundation for its future automotive business, and Garford sold its bicycle business to another company that continued bicycle manufacturing until 1953. Garford continued to manufacture trucks that were even used during WWI and into the 30's. Some trucks were sent to Russia, and later the Soviet Union, to assist in their war efforts. Garford truck production ended in 1933.

Even in 1912, more than a padded seat on a Studebaker bicycle is needed to navigate the Oregon road that has snagged the Flanders shown in the picture.
