This is a larger view of the map which was printed in the February newsletter. It illustrates the route of Clarence Boynton's 1000 mile trip through Arizona in his 1913 Studebaker SA25 open touring car.

## From the Editor's Pen.....

Please welcome two new advertisers this month. They are Chapter member David Ker who offers auto and furniture restorations and Dustin Watson, Sherry's son, who finds new old stock parts for American and import vehicles. Thanks, also, to Don Becker, Jon Carter, Chuck Collins, Chris Eastburn, Judy Haverstick, Buddy Wright and MasterTech for renewing their ads for another year. Please look through the ads and consider using their products or services when you have a need for what they offer. We appreciate their support of the chapter and the newsletter.

Thanks, again, to Nancy Burgess for sending photos and the article about her book, *An Arizona Automobile Adventure*, which was printed in the February ECHO. The map was reprinted in a larger version this month so you can see the scope of Mr. Boynton's 1000 mile trip around the state in his 1913 Studebaker. If you would like to purchase a copy of Nancy's book please contact me.

Thank you to Linda Smith, Scott Grainger, Pete Yuen, Steve Piper and Ed Smith for your articles.

See you soon.

Chris

## Miss Mamie

By Chris Collins

Recently, when verifying the address of a customer on their website, I noticed that, in addition to links for the sales and service of vintage automobiles, they had a link for Weddings. That seemed an odd thing to find on an automotive site but it made sense when I clicked on the link and it told of the transportation service the company offers for weddings and other festive events. Imagine my surprise, though, when I saw a bride and groom standing next to a 1956 President and the following paragraph describing Miss Mamie, their name for the car.

Our favorite wedding classic is "Miss Mamie", our 1956 Studebaker President. It's a striking original car, finished with a beautiful Norway Green and Frost White combination on the exterior. Inside, there is a sumptuous seafoam and teal combination that is so retro that it's positively modern. Everyone oohs and aahs over this amazing classic cruiser. She was named after Mamie Eisenhower, our nation's First Lady in 1956.

**From the President .....**

Working in my yard I was getting madder and madder at what was going on. My rocks were turning green. I know I didn't plant any grass because I wanted the freedom to drive my Studebaker on the weekends but the rocks had different ideas. Then I realized that this is March. March is the madness month. Weeds were making certain I was complying with the fact that this is the madness month, but I won, thanks to gloves and Weed B Gone. I have never pulled so many weeds.

March madness is upon us and even if you are not a basketball fan there is a lot to be mad about. It is typically called March Madness because the college basketball teams are striving to be champs with the Sweet 16s, to the final 4. Then a couple of teams finally do the Big Dance to decide who is champ. That all sounds good and exasperating if you are a college basketball fan; however, if you are reading this you are probably a Studebaker fan. March for Studebaker people can be quite maddening, also.

You could be mad because you missed the fast break buzzer beater on the yard work and it slam dunks you. You could be mad because you just missed having 40,000 people look at your car in the Wickenburg parade. The 19 cars, drivers and passengers in the parade know what kind of madness that felt like – it was maddening in a very good way.

You could be content because you decided to see Old Tucson and stay overnight so as to join others in a couple more adventures and a relaxing ride back on Sunday, or you could be mad because you missed it all together.

You could be mad when after you invest lots of time and money in figuring out your bracket you find out that your odds of winning the entire March Madness bracket on college basketball is 1 in 9.2 quintillion. You know your odds at having fun with friends at a Studebaker madness event is much more down-to-earth, so come and find out just how easy it is to beat the odds.

The weather is beautiful right now and the only thing that could really mess it up would be not to take advantage of it. Before you go crazy inside get out and crank up the old Studebaker. Bring it out to Gilbert Museum and see why they call Gilbert the Hay capital of the World, or join in the Route 66 fun run where you can go mad looking at all the crazy people that want to drive down some old highway for nostalgia sake.

While you are contemplating which event to attend be sure to bring along some extra pennies for charity. We have had a couple of suggestions for a charity and both were for veterans. We will gladly take your donation and suggestions to help take the madness out of someone else's life. There are those times when life collapses in on us and the non maddening thing about it is knowing that there are others whose life disintegrates at a much younger age and are left to the kindness of the great

**Condolences**

The Chapter sends its condolences to Peggy Kisiel and Kathy Santilli whose husbands, Dan Kisiel and Edward Santilli, passed away in 2013. We are sorry for your loss.

It was with sadness we learned Cheryl Monaco lost her struggle with cancer in early February. Our sympathy is extended to her husband, Ken Pyle.

The Chapter has sent donations to the Studebaker National Foundation or the Studebaker National Museum in memory of our deceased members.

**Name badges with the new SDC logo are now available from Right Impression. The cost is \$5.00 for pin back or \$6.00 for magnet back. Contact Chris at ccollinsaz@cox.net or 602-995-5311 to order yours.**

Studebaker people to cheer them up.

Don't go Mad! Go to Tucson for March Madness, or other chapter events throughout this Month and for the rest of the year to show just how great it is to own a Studebaker.

# GOLD RUSH DAYS PARADE

By Linda Smith

Thanks to everyone who participated in the Gold Rush Days parade in Wickenburg on February 15th. There were nineteen Stude cars and trucks and 3 other vintage cars who joined us to make this the largest number of Studebakers to take part in the parade since the chapter started attending in the 1990s.

Several met up with John and Kim Rodhouse at the McDonald's on Grand Ave. who then traveled together to the Burger King in Wickenburg. There they met the rest of the parade goers. At 9am we traveled to our staging area, Wickenburg Way and Ocotillo Drive, to meet and greet the other members of our crew.

Ed Smith had the Chapter banner and the American flag flying in the back of his truck. He also had a new attraction, a Studebaker Soap Box derby car that he and Ken West built and customized and which was towed by our Stakebed truck.

Others who joined Ed and me in our '51 Stakebed truck were: Ken & Arlene West in their '66 Daytona; Don & Carol Aden with two special guests in their '55 Champion; Steve Fein with his grandson, Alex, in his '66 Cruiser; Neil Bell, accompanied by Michell Eastburn, in his '60 Hawk; Dick Leisinger in his '62 GT Hawk; John Verrill in his '63 Avanti; Bob Schouten and

Steve Mills in his '56 Packard; John & Kim Rodhouse in their '50 2R5; Jack & Nancy Foster in their '47 M5 truck; Leon & Doris McBride in their '41 Land Cruiser; Michelle Lundeen & Rod Van Hess in their '50 Champion and matching golf cart; Larry Drake in his '53 Coupe; Mike & Sue King in their '57 Silver Hawk; Buddy & Elaine Wright in their '53 Pickup; Larry & Jan Malmstrom in their '56 Power Hawk and their guests Larry & Kaye Megown in Larry's '53 Commander; Bob & Betty Williams in their '66 2dr Daytona; Gregg Avery & Luz Lozano in their '62 Lark. Special guest was Vic Zavarrella in his 1965 Impala SS Coupe which he has owned since 1965 and Chapter members Norm & Janice Marineau and Al & Anna Riedel in Norm's 1969 Olds Cutlass convertible.

We followed the Sun City Palm Desert Dancers, a group of senior women who danced the entire parade. Following us was the Stage Coach with the big black horses. This parade is the 2nd largest horse parade in the United States and included the Budweiser horses and their Budweiser wagon.

A couple of our Studebakers pulled out of the parade due to problems. Dick Liesinger's gas filter clogged up which we fixed after the parade.

Nineteen of the parade goers met at the Golden Corral in Sun City for lunch. Ed Smith conducted a short meeting to talk about our upcoming events: March 1st, March Madness in Tucson; March 13th - March 16th, ASC meet in Palm Springs California; April 12th event hosted by Gary & Sandie Keating with a tour of a museum and lunch, May 2-4 for the Route 66 Fun Run. Ken West has reserved hotel rooms so if interested please make your reservations before March 1st. Details are in the February ECHO. The names of everyone in attendance were put in a hat for a drawing. Luz Lozano, Steve Fein and Sue King were the winners and had the cost of their meals reimbursed. Steve Fein congratulated the chapter officers for their hard work in making the Wickenburg parade one of the best attended. Thank You, Steve.

Even though this member doesn't own a Studebaker, he and his wife make an effort to join us at our chapter events in one of his vintage cars. He will come by himself or transport other members. They have a great attitude and we love to see them at our events. Have you guessed? It is **Norman and Janice Marineau**.

*Linda Smith*

There are a lot of great Studebaker people in this chapter. **Al Riedel** is one of them. He always has that smile that makes you feel good. He comes to all the events he can and even when his Avanti is not working he will find a way to get there. It is pleasure to see and talk to Al and his laid back approach to things can't help but make you sit back and enjoy life also.

*Ed Smith*

A tip of the hat to all the **Chapter members** who talk with others in the auto hobby community about Studebakers and the club. Nearly every month the chapter has new members who were referred by a member. Thank you for promoting our marque.

## TECHNICAL INFORMATION .....

### Oil Pressure Hose Check

By Pete Yuen

On the more modern cars, the oil pressure gauge is operated electrically through a pressure switch sending unit. This is not the case with Studebakers. Their oil pressure gauge is operated directly with the oil pressure from the engine. There is an oil line to the gauge that is coupled to a hose which in turn is coupled to an oil outlet on the engine. The hose is easily spotted on the rear of the engine and going up on the engine side of the firewall. Unless this hose has been changed within the last 6 or 7 years or so, it should be checked. The motor should not be running when this check is made. Get a hold of the hose and flex it a few times. It should be flexible and not crack. If it is not flexible but hardened with heat and age, it is time to get a replacement. If the hose is brittle and cracks, it needs to be replaced before the engine is started again, otherwise oil will leak out of the crack and spew all over the engine.

In the event that the hose should rupture while you are driving, there will be several things that will be obvious --- 1 - You will smell hot oil. 2 - The engine compartment will be messed up and possibly have a fire if the oil gets heated to it's flash point. 3 - You will not be able to get to your planned destination without delay. 4 - You will not be able to get a replacement hose from your auto parts jobber. 5 - Pressure drop on your oil gauge. Take a moment to check the hose. If replacement seems advisable, the hose can be ordered from Studebaker Parts Suppliers. It is not an expensive part but it is an important part of the Studebaker.

The hose is shown in the Studebaker Chassis Parts Catalogs as illustration 0116-39 described as coupling.

THE  
**Studebaker**  
DRIVERS CLUB INC.

## This N That.....

The discovery and recovery of The Whistler by **John Kroulik** was rated as the number one story in Studebaker in 2013 according to an informal poll on the Studebaker Drivers Club General Forum.

Why is the story of The Whistler so popular? A very brief history written up in a 2007 *Hemmings Motor News* article tells it all: "The Whistler, sponsored by Studebaker dealer Ray Tanner of Phoenix, Arizona, and tuned by Floyd Mendenhall, competed in the ranks of the AHRA. Using an R2-powered 1963 Lark Regal two-door with a four-speed, *The Whistler* set a record in A/Compact Stock at 13.52 seconds at 104.52 mph, and claimed a best-ever time of 13.40 seconds at 108.64 mph." In the day, it tore up the track in Phoenix.

What are John's plans for The Whistler? Speculation and advice pepper the discussion as to the future for the legendary Studebaker. We'll just have to wait to hear from John what is on the horizon for the Lark.

On page 7, **Steve Piper** writes about an event to be held in Prescott, April 26th. What a great opportunity for the Chapter members in the area to get together for a car show with a good cause. Is there a volunteer to coordinate a Studebaker presence at the "Cruise In for the Veterans"?

And, if you have never had the opportunity to attend the annual Buff N Shine Clothing Optional Car Show, it will be held March 16th at the Shangri La Ranch, 44444 N. Shangri La Lane, New River from 10-2. The entry fee is \$25.00 in advance or \$30.00 day of show. All proceeds benefit the Daisy Mountain Veterans. Cameras are prohibited. An entry form is available at [nationwide-carshows.com](http://nationwide-carshows.com)

## Motoring Thru Time: Where transportation past meets the future! At Historic Heritage Square & Science Park

Barbara and I packed up the dogs, Sam & Annie, tossed in some water bottles and headed out to downtown Phoenix on a cool Saturday morning, the 1<sup>st</sup> of February '14. Toto has been in this show before but LC hadn't. With some encouragement from Toto, LC and the rest of us met on the street near the Rosson House. This event is sponsored by the City of Phoenix Parks and Recreation Dept. They also sponsor the truck and car show on the 4<sup>th</sup> of July at Steele Indian School Park.

The show is well organized and Tammy Parker and her Parks and Rec gang do their very best to take good care of the exhibitors and the vehicles. Besides the 108 other vehicles including travel trailers from the 1940s and 50s, motor cycles, bicycles and boats the museums at Heritage Square were all open doing a land office business. Barbara and I took the tour, using our free tickets compliments of the show sponsor, of the 1895 Rosson House Museum. When you go to Heritage Square be sure and take this tour. They do a wonderful job of transporting you back to 1895 "downtown Phoenix".

There were 10 Studebakers (5 cars and 5 trucks!) on display at the show which is a big increase from last year. The show started officially at 10am and ran to 4pm. We had a very good time. If you think you would like to put your Studebaker in the show contact Tammy Parker at 602.262.5071.

Drive your Studebakers.

Article and photos submitted by Scott Grainger.

In addition to Dennis Roeper and his M16, Mater, and the Graingers and their M16, Toto, and 1951 Land Cruiser, LC, other Chapter drivers participating were: Ed and Linda Smith, 1951 Stakebed; Dave Kinkel, 1963 GT Hawk; Neil & Ruth Bell, 1960 Hawk; Dan Kuhl, 1959 Scotsman. A 1956 Transtar owned by Joseph Guthrie and a 1924 Roadster owned by Dave & Karen Recker were also displayed.

### SCHOLARSHIPS

Scholarships from the Studebaker National Foundation are available for students pursuing a career in the automotive industry. The scholarships are offered to members or the children/grandchildren of members of the Studebaker Drivers Club, the Antique Studebaker Club and the Avanti Owners Association International.

The SNF board recently approved a minimum of \$1000.00 for each scholarship awarded. Previous applicants and recipients may reapply.

Criteria for applicants and applications are available at <http://www.studebakernationalfoundation.com> or contact Brian Millette at 602-300-5313, [abmillette@cox.net](mailto:abmillette@cox.net) or 1925 W. Medinah Ct., Anthem, AZ 85086

### DONATION TO AUTO SHOP PROGRAM

At the Studebaker National Foundation's recent winter board meeting in Phoenix, a grant of \$1000.00 was awarded to SDC member Robert Roach to help him with the automotive program he runs at a high school in Carson, California

Robert wrote to the SNF requesting support for his Studebaker-centric program at Carson High School, for which the school district allots an annual budget of \$200.00. After receiving news of the grant, Robert sent this note: *I can't thank the foundation enough for their generosity toward our program. This will go a long way towards keeping our kids connected to Studebaker style and history while developing useful skills.*

The board looks forward to hearing more about his innovative program which has been featured in *Old Car Weekly* and *The Avanti Magazine* articles.

### THE COIN RAFFLE CONTINUES

Tickets are still available for the Commemorative Silver Coin Raffle being conducted by the Foundation to fund scholarships and help to museums. See the January ECHO for details or contact Chris Collins at 602-995-5311.
