From the Editor's Pen.....

Each year when your Chapter dues are due we ask you to be sure your Studebaker Drivers Club (SDC) dues are up to date, too, as it is a requirement for insurance purposes to be an SDC member to join a Chapter. For many years SDC dues have been \$31.00 for renewals; however, those dues will increase now by \$5.00 per year effective April 1st. You can renew early and for up to five years at the current rate by March 31st either using the form in the back of *Turning Wheels* or online at <http://www.studebakerdriversclub.com> See page 22 in the March *Turning Wheels* for all of your new renewal options and other rates as well.

You will be seeing a lot of information in the newsletter about the upcoming zone meet preparations. There are many opportunities for you to help so please look at the articles on page 8 and decide how you can be of assistance, then contact the chairperson.

Thanks to all of our contributors, especially Michell who went the extra mile to not only write her message but then to report on the two activities in February. Thanks, also to Dan Kuhl who gives us a preview for our April meeting, to Steve Fein and the members who sent me articles. See you either in Tucson or at the picnic. *Chris*

CHAPTER NAME BADGE

Order your Chapter name badge with a pin back by contacting Chris Collins at ccollinsaz@cox.net or 602-995-2146. The price is \$5.00 each.

If you wish to have a magnet back on your badge, the price is \$6.00 each.

The name badges are available in the traditional brass and black with the SDC logo or a blue plastic with the Chapter logo.

***Thank you to all for renewing
your membership in the
Grand Canyon State Chapter!***

A belated thank you to the Holiday Party table hosts:

STATE OF THE CHAPTER

By Michell Eastburn, President

The month of February started out beautiful with our throwback cruise on Central. If you weren't there then you missed out. Lots of views and stores have changed along the Avenue but one thing remained, the cruisers, all day Sunday with all makes and models.

Our photo shoot allowed for members to put their pride and joy on display for all of Central Ave. to see and ultimately to have their photos added to the chapter website in our 'Members Stories'. The following weekend several chapter members also enjoyed a sunny day at the Wickenburg Parade that followed with fellowship over pizza. Thank you to all those who brought their cars and smiles to the February events, it always nice to see various cars and different faces.

We will be traveling north in elevation but south in direction for our March Madness, All Studebaker Gathering in March. Please plan on driving or towing your Studebaker to Marana for the event hosted by the Southern Arizona Chapter. If your Studebaker isn't up for the trip, drive your GM, Ford, Audi, Toyota, Honda, Dodge, Cadillac to the show and enjoy the awesome Stude people, prizes, raffles, steakhburgers and frozen custard.

Don't forget to register your Studebaker for the Kiwanis Nuevo Catch-A-Wave Car Show in Tempe on March 21st and plan to join members for a Picnic-in-the-Park under a shady tree for the general meeting.

Check out the details for our 2020 Zone Meet in October and get your reservations/registration in early to be entered into special drawings!

Check out updated website!

March Tidbits

Submitted by Michell Eastburn

It's **March**, the time where we celebrate the New Year! Well, at least we would if we lived in Ancient Rome—where it was the first month of the year.

March brings with it the promise of gardening and warmer, sunny days, as Earth turns its frostbitten cheek to winter and springs forth from the vernal equinox.

Named for the Roman god of war, Mars, **March** is the third month of the year. It has 31 days and is known as the first month of spring in the Northern Hemisphere due to the vernal equinox which occurs between March 19th and 21st of every year.

In December 1963, Studebaker shuttered its South Bend plant, ending the production of its cars and trucks in America. The company's Hamilton, Ontario, facilities remained in operation until **March** 1966, when Studebaker shut its doors for the final time after 114 years in business.

GOLD RUSH DAYS PARADE

By Michell Eastburn

I reckon you only get to be #72 in the 72nd Annual Gold Rush Days Parade once, and unfortunately not many members got to be a part of that, but those of us who did made the best of it! Even with only 4 cruisers, we were awarded the "Best Convoy" award and it was pretty awesome that both the Jeep and Corvette clubs were behind us in the parade.

Cruising the streets of Wickenburg on February 15th were Mike King with shotgun rider

Michell Eastburn, 1957 Silver Hawk; Ed and

Mike's Hawk and Lenka and Sam's '55.

Linda Smith with guest Lori Meath, 1951 Stakebed; John Verrill, 1963 Avanti; Larry Malmstrom, 1951 Regal Champion. Lenka Hospodka and Sam Powell's 1955 President didn't make it through the parade due to mechanical difficulties so thanks to John and Larry for allowing Lenka and

Mike follows the Smiths along the parade route.

Sam to ride shotgun through the parade. Jan and Ted Widhalm were seen along the route cheering on the Studebakers.

Several parade goes then met in Surprise at Barros for pizza and friendship with Ed and Linda Costell (with 2 guests), Bill and Peggy Eastburn, and William, Maryanne, Domenica, Gwen and Felicia Eastburn. No general meeting was held but members were briefed on upcoming events. Thank you to all who participated.

John's Avanti.

CRUISE ON CENTRAL

By Michell Eastburn

Though we may have missed out on the Museum we sure didn't miss out on a beautiful cruise-worthy Sunday. Several members, six Studebakers and one Nova gathered near the Phoenix Art Museum on February 9th to participate in a throwback cruise up and down Central Ave. Before we even got started, chapter members were overwhelmed with Museum goes that seemed to be as impressed with our Studebakers in the parking lot as the "Legends of Speed" inside the museum. Several onlookers gathered near our Studebakers to enjoy and converse, it even delayed the start of our cruise because people were so fascinated. Steve Fein, Kent Musgrave and Jonathon Abel, an avid photographer and guest of Bill and Peggy Eastburn, served as our paparazzi for the event taking photos and videos of our members and their vehicles.

Reids and Collinses GTHawks, Larry Polhill's Avanti, Garry Klinger's Commander.

Once we got on the road, we cruised from Coronado Rd. north to Missouri Ave. where we gathered for an awesome Studebaker photo shoot along the west side of Central Avenue. Kent, Jerry Day and I searched for the perfect spot around the local church to stage our classics which offered a 1940's look with a bit of grass. Members positioned their cars and Kent went to work with his photography skills and even made my Goat Wagon look like a million bucks.

Michell drove the Champ with her goat wagon in the bed.

Jerry Day & Kent Musgrave arrive at Lenny's in a 1962 Nova.

After the photo shoot we all cruised south down Central Ave. to Virginia Ave. where we gathered at Lenny's Burgers for a bite to eat. The ambiance of Lenny's presented Studebakers, Chevys, Fords and more with a bit of a Route 66 feel. While members were enjoying burgers and fries, they were presented with a short agenda of upcoming events and reminder to book their rooms for the 2020 PSW Zone Meet in October.

Joining us on this beautiful day were Garry Klinger, 1952 Commander SLC; Chuck & Chris Collins, 1963 GT Hawk; Larry Polhill with guests Marty & Barb Lasco, 1963 Avanti; Carl & Esther Reid, 1963 GT Hawk; Michell Eastburn, 1964 Champ PU and Goat Wagon; Kent Musgrave & Jerry Day, 1962 Nova Convertible; Steve Fein; Bill & Peggy Eastburn; Russ & Sharon Ware with guests Bill & Pat Ware; John & Kim, Callan and Ainsley Rodhouse.

Thanks to everyone who participated in this first ever, but we hope not last, Cruise on Central. Photos courtesy of Steve Fein.

NEW MEMBER CHALLENGE

When a Chapter member recruits a new member to join SDC and/or the Grand Canyon State Chapter, he/she will have Chapter dues paid for 2021. Just ask the new member to mention your name on the application where it asks "Referred By".

If you need recruiting materials, please contact the editor. Past issues of *The ECHO* are available as well as an SDC promotional brochure.

MEMBER CARS GALLERY

Send your submission about you and your Studebaker for the gallery on the Chapter web site. You received a separate file with your February newsletter that is a form you can complete with information about your car or truck and a photo. Thank you!

\$1500.00 scholarships are available from the Studebaker National Foundation. Visit the web site for an application.

Saturday, April 11th, Chapter members will have the opportunity to tour the Auto Restoration Club facility in Sun City West. Chapter member Dan Kuhl, who lives in Sun City West, has arranged the tour and also the use of the nearby Sun City West Foundation room for brunch and meeting. Dan sent the following article to give you some history and a preview of the tour.

THE AUTO RESTORATION CLUB (ARC)

By Dan Kuhl

The idea of the Auto Restoration Club started in 2011 when the metal club decided they did not want cars worked on in their shop. The ARC started soon after that, with it completed in 2016 (6000 square feet in the mechanical area). In 2019 the paint and body shop (2000 square feet) opened. In this portion is a state-of-art facility for doing paint/body work on your car.

The following is a list of what you may see:

- Four to five cars under restoration.
A facility stocked with modern equipment that can be used by anyone living in Sun City West. Included are lifts, sandblaster, welder, English Wheel, rotisserie, drill press and press.
A paint shop that is capable of mixing paint by computer and maintains thousands of dollars in inventory for Club use. Water based paint is not used.

The ARC is the only club of its type in the nation. When Sun City completes their facility they will have a similar facility, giving Arizona the only two in the country. We have folks moving here from all over the country to have access to this facility.

- 1. Tour of Auto Restoration Club Shop (Approximately one hour); start time 9 AM
Address: 19803 N. RH Johnson Blvd, Sun City West, AZ 85375 Bldg. B2 (off Meeker)
Traveling north on RH Johnson Blvd., go to Library (building with tower), turn right on Meeker, second building on right is the ARC shop---Look for Studebakers.
Telephone: (623) 518-3226
2. Brunch and Meeting at Sun City West Foundation in strip mall at corner of RH Johnson and Stardust from 10 AM to 12 PM. (Southwest corner of intersection)
14465 W. RH Johnson Blvd., Sun City West, AZ 85375
Telephone: 623-584-6851
Dan can be contacted at dkuhl1950@gmail.com or 602-757-2625.

JUNE 13 FATHER'S DAY CELEBRATION
The Chapter will celebrate The Old Man and His Old Car with a car show and breakfast at Streetside Classics, 614 E. Center Dr., Mesa. Plan to arrive at 8:30 for the car show; a continental breakfast will be served at 9:00. A program is being planned.
There'll be ore information next month or contact Peggy at peggyeastburn@hotmail.com or 623-936-6116.

This N That.....

Member Rick Melms sent an article of interest to your editor from Hemmings Classic Car. In the April 2020 issue Pat Foster writes about the Studebaker Bellet. What's that, you ask? Actually it was an "almost" Studebaker and it is an interesting story that you can read when you pick up this magazine at your local magazine outlet.

Then, Bill Cervini sent links to two online articles that you will enjoy reading. They are https://journal.classiccars.com/2020/02/21/the-first-muscle-car-how-about-a-studebaker/ and https://www.hemmings.com/blog/article/hail-to-the-chief-1932-studebaker-president/?

Also received was an article about motor oil from Scott Grainger: https://www.corvetteforum.com/forums/c3-tech-performance/3070520-high-temp-motor-oil-wear-testing-myth-vs-reality-very-long.html

Thanks to all for the contributions. Hope everyone enjoys the articles.

Tim Painter posted this message on the Studebaker Drivers Club Forum: "After having no luck selling my Avanti, we took it to Streetside Classics and it sold in about 40 days. I recommend them highly." Please note that Streetside is one of our advertisers.

An interesting point of view about selling car parts through social media is found in this article: https://www.hemmings.com/blog/2020/02/24/open-diff-social-media-is-no-place-to-sell-car-parts/

2020 ZONE MEET NEWS

TOUR OF SHERATON CRESCENT HOTEL

The 2020 Pacific Southwest Zone Meet will be held at the Sheraton Crescent Hotel at the northeast corner of I-17 and Dunlap Ave., Phoenix, October 9-11. The Chapter board invites all members to join them on May 16th at 10:30am to tour this very nice facility to see where all the various events of the weekend will be held.

A representative from the hotel will join the Chapter president and zone meet committee chairman in conducting the tour. We'll take a look at the resort-like grounds and amenities, car show and swap meet area, the meet registration location and the grassy spot where the Friday night social will be held and more, then gather in one of the hotel meeting rooms. Here you can ask questions and hear the committee chairs tell what their needs are and how you can help.

Lunch at the hotel will follow for all wish to stay and sample the hotel's cuisine. The lunch menu features Southwest specialties, sandwiches, soups and salads with prices ranging from \$6 (soup) to \$14 (shrimp tacos).

More information to follow or contact Larry at 480-694-3899 / 58pkhawk@cableone.net

VENDORS AND SWAP MEET

For many, one of the most anticipated elements of a Studebaker event is the swap meet. They welcome the opportunity to visit the vendors who come to the meet to either look over their wares for that one part eluding them in their search or to see what parts they didn't even know they wanted or needed. For some the hunt is the goal, for others it's the certainty they will get a much needed part.

Swap meet space for anyone wishing to sell parts, either because it's your business or because you wish to clean out your garage, is available for the very low cost of \$10.00 for all the space you need. Please see the registration form on page 15, complete the form and send it in. Be sure to read on page 16 about the many events and functions that will be held during the meet and register for those at the same time.

If you have questions or need more information please contact Chris Collins, the swap meet chair, at 602-995-2146 or ccollinsaz@cox.net

**REGISTER FOR THE PACIFIC SOUTHWEST ZONE MEET
BY 9/1/20
AND YOU WILL BE ENTERED IN A DRAWING

ZONE MEET COMMITTEES AND CHAIRMEN/WOMEN

Each of the committee chairs listed below are seeking volunteers to assist them. Please look over the list and see where you feel you can best help and then contact the chair. Thanks!

Silent auction items & raffle prizes

In addition to the pre-meet fund raising there will be other opportunities for Chapter members to donate a unique item for either the can raffle or the silent auction. Your donation doesn't have to be new but should be of nice quality and something someone else would enjoy having.

Contact the meet chairman, Larry Vahe, if you have an item you would like to donate for either fund raiser. His information is 58pkhawk@cableone.net or 480-694-3899.

WANTED: The zone meet committee is seeking a portable projection screen for use during the awards banquet. If you know of one that could be borrowed for the program on Saturday, October 10th please contact Larry at his contact information above.

BROOKS STEVENS

By Chris Collins

The Studebaker Corporation was known for employing noted designers, the most famous of them being Raymond Loewy and Robert Bourke. However, another prolific industrial designer who played a role near the end of Studebaker's production was Brooks Stevens who was responsible for the redesign of the Hawk, creating the GT Hawk which was built for model years 1962, 1963 and 1964. In the photo below a 1964 GT Hawk is shown next to another Brooks Stevens creation, the Sceptre, which Studebaker meant to replace the Hawk.

Stevens called his Sceptre automobile design, originally conceived in the mid 1960s, a "Better Idea". It has a unique grill treatment, a slide rule speedometer and sports a special mylar upholstery. The Sceptre prototype in the photo now resides at the Studebaker National Museum and was featured at

the AACA Museum's "Studebaker Cool: 114 Years of Innovation" exhibit in 2019. Prior to becoming a permanent member of the Studebaker National Museum collection, it was housed in Milwaukee at the Brooks Stevens Automotive Museum which closed in 1999.

Another iconic vehicle in which Stevens played a role is the Wienermobile which started life in 1936 with a vehicle built by Carl Mayer and then evolved into the vehicle we know today. According to an article at *Wikipedia*, Stevens first built the most recent version in 1988 when Oscar Mayer launched its Hotdogger program, where "recent college graduates were hired to drive the Wienermobile through various parts of the nation and abroad. Using a converted Chevrolet van chassis, Stevens Automotive Corporation and noted industrial designer Brooks Stevens built a fleet of six Wienermobiles for the new team of Hotdoggers."

Brooks Stevens was born in Wisconsin and had polio as a child. He was encouraged by his father to draw during his recovery and this led to an eventual career as an industrial designer. Besides the GT Hawk and today's Wienermobile, other designs for which he is known are as the originator of the robin's-egg-blue kitchen appliances of the 1950s, the Miller Brewing logo (also pushed Miller to switch from brown to clear bottles), the 1949 Harley-Davidson Hydra-Glide Harley (all Harleys in production today are based on Stevens' designs), Jeep Wagoneer, engines for Briggs and Stratton, the Skytop Lounge passenger railroad observation cars, the Excalibur, a car styled after the '30s era Mercedes roadster, and collaborations with the leisure boating industry.

Although not the originator of the concept, Stevens popularized the idea of "planned obsolescence" which he defined as "'Instilling in the buyer the desire to own something a little newer, a little better, a little sooner than is necessary'. His view was to always make the consumer want something new, rather than create poor products that would need replacing."

Please check out the Suggested Reading list below to learn more about Brooks Stevens and his legacy to the world of industrial design and Studebaker.

ODD BUT TRUE

An officer from Waukesha County Sheriff's Department in Wisconsin pulled over the Oscar Mayer Wienermobile last Sunday for not following the 'Move Over Law,' according to a now-viral Facebook post, making for a comical photo of the 27-ft.-long, rolling hot dog getting 'grilled' on the side of the road by an officer.

Drivers can receive a \$249 fine and three points on their licenses for failing to move over. The driver of the Wienermobile, however, was only given a verbal warning.
